

	Con Fenómenos TE	Sin Fenómenos TE	Total
Con Fa	5	15	20
Sin FA	3	141	144
Total	8	144	164

$$RR = 5 / (5+15) / 3 (3 + 141) = (5/20) / (3/144) = .25 / 0.020 = \mathbf{12.5}$$

$$*\text{con FA} = 5 / (5+15) = 5 / 20 = \mathbf{0.33} = 33\%$$

$$*\text{sin FA} = 3 / (3+141) = 3 / 144 = \mathbf{0.02} = 2\%$$

$$RA = 0.33 / 0.02 = 0.31$$
